THE PROPERTY

Clovelly is a handsome red brick house on Hill Close, arranged across approximately 1,700 sq ft including the detached garage. The house is presented in good condition throughout, with generous rooms, a south west facing garden and a particularly pleasing relationship between the principal living spaces and the greenery outside.

The entrance hall sets the tone, with timber flooring, panelled detailing and an original style fireplace creating a warm first impression. From here, the ground floor unfolds through a series of distinct rooms. The principal living room is centred around a fireplace with fitted cabinetry to either side, while a separate dining room provides a more formal space for entertaining.

At the rear, the kitchen has been arranged around a broad central peninsula, with deep blue cabinetry, timber worktops and a particularly attractive corner window seat. A glazed garden room extends the living space towards the garden, bringing in abundant natural light and providing an informal place to sit throughout the year. A separate utility room and WC complete the ground floor.

Upstairs are four bedrooms, the largest extending to over 15 ft, together with a family bathroom.

The south west facing garden is mature and well established, with lawn, planting and trees creating a private backdrop to the house. A detached shed sits separately from the main building, while the driveway provides off street parking.

Hill Close occupies a peaceful position on the lower slopes of Harrow on the Hill. The historic Village, Harrow School and Church Fields are close by, while Sudbury Hill and Harrow on the Hill stations provide Piccadilly, Metropolitan and Chiltern Rail connections into central London.

The property is offered with no onward chain.
